ALWAYS ON

NEVER OFF ALWAYS ON

As the sun dips below the desert horizon, darkness begins to blanket the land. In the corner of a secluded saloon on the edge of town, Y.K.Beats sits alone, quietly sipping his amber beer.

By his side sits a well-worn MPC. In this lawless territory, it's his ultimate weapon—always locked, loaded, and ready to drop the perfect beat.

The saloon is packed to the brim with rowdy patrons, and as the liquor flows, shouting matches begin to erupt among the outlaws.

Tension fills the air, thick and ready to snap.

Completely unfazed by the chaotic ruckus around him, Y.K.Beats just stares into his glass. He remains calm because he already knows.

— “They” will be here any second.

As the brawls escalate and triggers are about to be pulled, the saloon's batwing doors suddenly swing open with a sharp creak. The uproar instantly dies down, and every eye in the house locks onto the entrance.

Stepping through the doors are two notorious gunslingers whose names ring out through the entire territory—the brother rap duo, “CHEESE N POT-C.”

Holstered at their hips are pistols, alongside microphones that gleam with a deadly, dull metallic sheen.

They walk slowly toward the bar, ordering beers from the bearded, visibly shaken bartender.

Then, they raise their glasses to share a brief, silent toast with the waiting Y.K.Beats.

With a heavy thud, the glasses hit the counter. That is the signal for war.

First up is the older brother, POT-C, sharply drawing his mic from his holster.

In perfect sync, Y.K.Beats’ fingers strike the MPC pads with precision and force.

An earth-shattering kick drum shakes the floorboards.

It sounds like the thunderous hooves of wild stallions tearing through the dry desert at breakneck speed.

Heavy, gritty, yet remarkably agile, the rhythm completely takes over the saloon.

POT-C's performance begins.

He fires off lines like a barrage of bullets, fueled by raw passion and fierce breath.

The sheer power of his verse completely paralyzes the troublemakers, forcing them to nod their heads to the rhythm. An breathtaking, unstoppable 16 bars.

Next, it's the younger brother CHEESE's turn to step up.

In stark contrast to POT-C's blazing energy, he drops a cold, calculated, and razor-sharp flow, effortlessly locking down the room. The crowd can do nothing but nod in deep respect at his flawless rhymes.

Piercing bars echo through the room, cutting deep into the space.

And at the heart of the track—the hook—CHEESE reaches for his second weapon: the turntable.

“NEVER OFF ALWAYS ON”

That killer phrase is sliced, diced, and chopped to perfection by his god-tier scratch skills.

The saloon’s energy hits an absolute boiling point. Drawn in by the heavy rhythms bleeding out into the night, even more crowds push the doors open and flood the room.

Cutting through the sea of sweating bodies, yet another man appears.

A pistol in one hand, a microphone in the other.

An aura of quiet intimidation surrounds this lone gunslinger: **DONNIE OZONE**.

The moment he steps in, he exchanges a sharp nod with **CHEESE N POT-C**, flashes a confident grin, and raises his mic.

The third verse belongs entirely to him. A highly anticipated reunion since the legendary “**SOUL ON TAPE**,” delivering a session fans have been craving.

DONNIE OZONE’s relentless barrage of rhymes strikes like a desert storm. As his fierce lyrical shootout hits its mark, any remaining sparks of conflict

vanish entirely, leaving the saloon in a strange state of peace and absolute unity.

Their mission accomplished, the four men — Y.K.Beats, CHEESE N POT-C, and DONNIE OZONE — leave the saloon behind, stepping out into the night while the crowd is still buzzing with adrenaline.

Far out into the dark desert night, their beats continue to echo.

“NEVER OFF ALWAYS ON” — the fire in their souls will never be extinguished.
