The saga continues. This time around we're still floating around between 2005 and 2008. Pot-C aka MARY-JANE and Martin Meyer lay down the bed tracks for this odyssey at Martin's studio - The Barnyard. The first Molsen Twinz albulation "Maximum Awesomeness" is complete in it's inital form of 10 or so tracks. The second album, produced by Martin with peanut gallery from Brian 'WHO' Else is what you're listening to right now! Martin ends up on-man banding a lot of extra goodies to the tracks, including bass, keyboard, (we're pretty sure about some guitar parts?) and backing vocals. Splatter members Connie Chaoss and Oleg Z are also in the mix on vocals and guitars, respectively. T-Pick (now known as Dupiter) and D-Ranga of Dead Prezidentz Choice add extra flavor, with T-Pick raps on Random Rants and Bounce and D-Ranga drums on Leo's Pet Store. C-Man, who you probably already know from C-N-P collaborations, created and performed the acoustic guitar part of Leo's Pet Store. Of course the Cheese adds some cuts to three joints and then we call it a day. We promise the next Molsen Twinz albulation will be bran spanking nu!

PEESH!

Produced - engineered - mixed - mastered tortured and babysat by Martin Meyer
during the redonkulous three year span between 2005 and 2008 at the
Barnyard Studio in Burnaby, B.C. Canada.

Props to the Maximum Awesomeness of D-Ranga, C-Man, Cheese, Oleg Z, T-Pick aka
Dupiter, Connie Chaoss and Martin Meyer for running the operation and One-Man banding
a huge portion of this goon show.

A case of Ironhorse and a buck slice to Brian 'Who' Else for lighting
the fart under this project.

As always mega blocSonic props to Mike at blocSonic for continuing to add
our recorded farts to the interwebs.

Shout outs to everyone ever! Write your name here [REDACTED] for a
personalized copy of this albulation. It's now your personal copy. If you catch someone
who steals this shit, you can ask to see their name on it and find your name on it instead.
Then you can make a big deal about that. Vindication! Also, you will have to make your
own bootleg of this as a ceedee and then leave it where people likely to steal this kind of
shit are available to do so. You will then have to hide in a bush on stakeout.

The End
