I YOU SPELL LIKE A PEASANT 4:00

Burning all the trees
Oceans rise with me
Standing in the forest
And I'm feeling treasonous
It's the wrong time now
If you fuck with us

Oh look
A new city
Buildings on the sea
Oh tell me more about your feelings
Yes I really care
You spell just like a peasant
Education
Class warfare

Panic in the tress
Steal their memories
Well eat the plastic
Well you're being so dramatic

Humans on the scene
Don't say what they mean
It occupies all my mind
It's a sign of the time
Organize
You're divine
I describe nothing

2 DEATH BY TAXI 3:29

I'm not afraid of what the humans gonna say

I'm not afraid but well I wish you'd go away

We're in the taxi

So Unhappy

I travel backwards and we wasted all our days

I called you up but there is nothing left to say

Why so lonely

You're the only one

And your heart will will roam

You'll never make it home

The days they go go by

You wasted all your life

3 PANTHER 2:49

I will wait for the lights

Hesitate

And the sky will fall with my mind to my grave

And the roads never end

In the night I begin

We erase the fear

That we had last year

And I wait for a sign

You tell me everything's not fine

And I walk through the night

Like A Panther

Guilty of Crimes

What the hell you do is a follow through

You can isolate
All my desperate faith
And I think of you
And I always do
Well the moon never ends
In the woods I begin
I forget this town
It's a cruel shakedown

You know what they do
They want to hunt you

4 TIGER SHARK 3:59

Fire in the trees
The Earth burns with me
Empathy is free
All you feel is greed
Will we ever sleep?
Sidewalks burn our feet
Never will be free
Choke on your money

5 WOLVES OF WAR 4:44

And the wolves will howl
and they're calling for war
And the rich will dine
When you're dead on the floor
In my youth I asked myself what for?
The same old lie we always saw before

Well fuck your gun
You want a civil war?
Such a big man
But who you fighting for?
In my youth I asked myself what for?
Your children die
A Privilege of the poor

6 LEOPARD 3:41

7 SUSAN COLLINS (HE LEARNED HIS LESSON) 3:29

If you do something wrong
It's okay it's not wrong
Even if you get caught
Oh stop you
They will not

The phone call was perfect
A genius
Oh So Fit
Your tiny hands can't reach
The truth dies here with me

Oh Susan
We're losing
Oh Susan
He learned his lesson

8 STING RAY 2:22

Hey the waves
Your heart in chains
The banks collapse
We are the slaves
The CEO
Is So depraved
Hey the waves
Your heart in chains

Your conscience oh so common
You know you'll be forgotten

I play the game
Your money shames
We misbehave
Well Jesus saves
The UFO
Goes up in flames
And our remains
Will save the day

Your conscience oh so common
You know you'll be forgotten

9 CARBON 3:08

And I walk all day
On the interstate
Till I get it right
And I seal my fate
What do you get?
Hide from everyone

We're all just carbon floating in the wind
Well I'm just noone
Where do we begin?

10 MOTHMAN 4:06

I hail from the sun
I know where there is none
And the hills they are filled
And the hills they are filled

Well there's only one
Planet you come from

Well hang yourself
You Little Ghost
Your bank account you love the most
The stocks will rise
It burns our eyes
Your home is full
The planet dies

|| THE ONLY LIVING HUMAN IN NEW YORK 3:46

Well the world's not fair
Will you take me somewhere?
And I know it's not true
It's the best I can do

We're all alone at the station

Everybody wants to be somebody
Everybody wants to hate somebody
Everybody wants to love somebody
Everybody wants to hate somebody
