

# YUN JAG

THE FUTURE PRESENTS THE PAST

## **LET ME TELL YOU ABOUT THIS RECORD.**

After 25 years, I'm finding my groove. In the past, I've been satisfied with getting songs out, regardless of quality. Presently I am moving to a more refined method of re-writes and re-records until achieving what I intended. In the future, I will take these lessons to the next level. I feel that this is the best stuff I've ever done, but I have room to improve...

I had originally set this up as a three-parter, but after listening to it a few times I knew it had to be in the order its presented to you now. A journey through a quarter century of highs and lows, and good times after bad. Through it all, the music has continued.

This album is me in a nutshell, for better or worse. I hope you enjoy listening as much as I enjoyed creating!
