## 1 SOMETHING TO SAY 2:59

If you have something to say  
Even if you get lost in the noise  
Even if you shout into the void  
There's no need to silence your voice  
Not if you have something to say

My voice is the instrument  
On this instrumental  
My skill level is monumental  
The peak of Mount Ev is the beginning of my true potential

Sky's the limit  
It's not accidental  
So set 'em up, and I will knock 'em down  
I stand on strong fundamentals, call it solid ground  
I spent years in the lost and found  
Tried to get my rocket off the ground  
Now watch my name on the record label revolve around  
I'm not about a polished sound  
I like it unpolished  
Lyrical yet lo-fi  
Call it fuzzy knowledge  
Call it symbolic  
Like in this demolition derby  
my competition's  
about to get demolished  
Til I'm the last car running  
With my system still bumpin  
Like, "Isn't that something?"  
Well, since I'm running out of time  
I need to hit the ground running  
'Cause the light at the end of the tunnel's coming for me  
I said it's coming for this ugly duckling

So I guess now it's all or nothing  
He's got something to say  
I guess I have something to say

Look, if you have something to say  
Even if you get lost in the noise  
Even if you shout into the void  
There's no need to silence your voice  
Not if you have something to say

Everybody has something to say  
I write it down and put it away  
Then pull out the rhyme when it's time to memorize it  
To size it up and analyze it  
Before writers try to cannibalize it  
Then amplify it through the SM fifty-eight  
Extend the version on the acetate plates

The plastic is dope like the angel dust is  
If the dope is on plastic, then it's done and dusted  
If you wanna be great  
Take this Bic pen and clutch it tight  
Write a classic like DBL Crew's Bust It  
I crushed it like

A pill they can't swallow  
They can't follow the leader because their landfill's still hollow  
Like knock, knock, who's there?  
Nobody wants to hear some punchline like "who cares?"  
Into their phones, they just stare  
Like I'm not standing in front of them right there  
  
Look, if you have something to say  
Even if you get lost in the noise  
Even if you shout into the void  
There's no need to silence your voice  
Not if you have something to say  
  
Look, if you have something to say  
Even if you get lost in the noise  
Even if you shout into the void  
There's no need to silence your voice  
Not if you have something to say  
  
"The guy from New York has this to say: Um..."
